

PROBABILITY

Use a pencil and a paper clip to make a spinner. Predict which color the spinner will stop on more often. Ring the color.

black gray

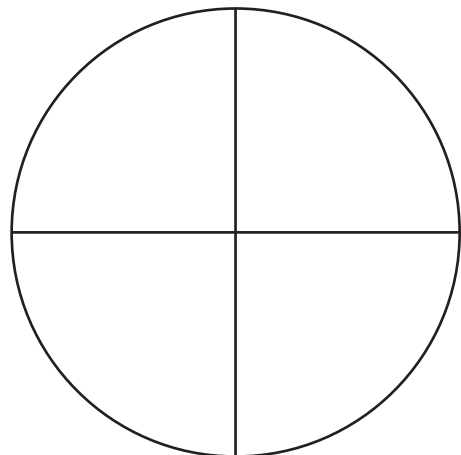

Spin the paper clip 10 times. Color the chart to show where the spinner stops after each spin.

Spin	1	2	3	4	5	6	7	8	9	10
Black										
Gray										

Reasoning

Color the spinner so that it will stop on black more often than on gray. Try your spinner.

Probability

Answer Key

gray

Answers will vary.

Spinners may vary, but the larger part should be black.
