

TALLYING EVENTS

Work with a friend.
 Use a pencil and a paper clip to make a spinner. Predict which color the spinner will stop on most often.
 Ring the color.

gray black white

Try it. Take turns spinning the paper clip.
 Spin 10 times.
 Make a tally mark after each spin.

	Tally Marks	Total
gray		
black		
white		

Reasoning

Raymond and a friend took turns spinning a spinner. The spinner stopped on blue 3 times. It stopped on red 7 times. Draw and color what you think the spinner looked like.

Tallying Events

Answer Key

white

Predictions and answers will vary.

Spinners will vary, but the larger part should be red.
